

Dr. Alex D. Mitchell, MD, FRCSC

**Senior Medical Director, QEII New Generation Project
Physician Lead, Healthy Management of Supplies Project
Board Member, Doctors Nova Scotia
General Surgeon**

Alex Mitchell is a General Surgeon in Nova Scotia and the Senior Medical Director for the QEII New Generation Project. He is passionate about leading system level change and desperately wants to “Make Healthcare Make Sense”. Alex is the physician lead for the Healthy Management of Supplies (HMS) Project (a system wide supply chain transformation). In these roles Alex has had a unique experience in infrastructure projects, supply chain and Health IT. A strong advocate for GS1 standards on the national level Alex has facilitated the adoption of GS1 standards scoring in all outgoing NS Health RFPs. Dr. Mitchell has a clinical practice focused on Abdominal Wall Reconstruction, Colon Cancer treatment/prevention, and weight management. Alex is the proud father of 5 children and husband to a truly wonderful person.
